Licensed Psychologist

Professional Interests / Specialties:

Psychodynamic therapies, Gestalt Therapy and EMDR.

- Working through the negative effects of early childhood deficits, trauma and abuse;
- Resolution of depression, panic and anxiety disorders;
- Finding solutions for important career and relationship issues;
- Working through phobias.

Since each person is unique, with differing needs and capabilities, I call upon my broad experience in more than 35 years of private practice, to create a treatment plan, which may be brief or long-term, tailored to the needs of each adult, adolescent, couple or family. I also teach, train and supervise therapists.

Education:

BA at University of California at Los Angeles MA and PhD at University of Michigan.

Background / Experience:

Private practice with adults and adolescents, individual, couple and group therapy. I teach and have taught at UCLA and other universities and colleges, founded a church-sponsored mental health center; co-founded growth center and Gestalt Therapy Institute of Los Angeles; am certified in Gestalt Therapy and EMDR. I write articles on psychotherapy serve on the editorial board of the Journal of Humanistic Psychology, train and supervise mental health professionals.

Professional Affiliations / Activities:

American Mental Health Alliance – Oregon
American Psychological Association
Oregon Psychological Association
EMDR International Association

Association for the Advancement of Gestalt Therapy
Society for Exploration of Psychotherapy Integration
Association of Humanistic Psychology
